

# Shout Joyfully to God All the Earth

words & music by Travis Ham | ©2023

**C**                      **F**  
Come and see the works of God

**Am**                      **G**  
Awesome in His deeds

**C**                      **F**  
Leading out a rescue on

**Am**                      **G**  
Dry land through the sea

**Am**                      **F**  
Come let us rejoice in Him

**C**                      **Dm**  
Who made a way back home

**F**                      **G**                      **C**  
Humbly praise the Lamb upon the throne

**F**                      **C**                      **G**                      **Am**  
Shout joyfully to God all the earth

**F**                      **C**                      **G**                      **Am**  
Sing loud His matchless glory and His works

**F**                      **Am**                      **Em**                      **F**  
The greatness of His power draws us all to lift His praise

**F**                      **G**                      **C**  
Till all the the earth will worship Jesus' name

Come in reverence, come and hear  
God has heard our cry  
In our place, the Lamb was slain  
The final Sacrifice  
God will never turn away  
His love from souls who trust  
The risen Lamb who's coming back for us

**Am**  
Sing, oh Church

**F**  
Bless our holy God

**C**  
We are wholly His

**G**  
By His kindness bought
